

THE MESSENGER

A PUBLICATION OF TRINITY LUTHERAN CHURCH (ELCA)

~Welcome to Trinity Lutheran...Warm Hearts and Willing Hands~

Dear Family and Friends at Trinity,

Sterling. That was the name of the church, the Sterling United Methodist Church. Sterling was, and is, an appropriate name for that little one room rural church, seven miles north of Brookings,

SD. Established in 1895, it is still a viable congregation and witness to the love and grace of God in Jesus Christ. At the time I served the church almost everyone was related to everyone else; I do not know if that is still true; I simply know it is still an active congregation. In the years I was there, membership never exceeded 30-that didn't stop them.

The congregation was one of the most loving, sweet, everyone-pitch-in-and-work congregations I have ever served. Once, I convinced them I had NOT been sent there by the bishop to close them down-a false idea they had gotten from somewhere-but then churches are often getting strange and unreal ideas-we had a great time. It also had some of the most interesting things happen to it, and in it. Here are a few.

*They were originally a German speaking church; during the WWI someone painted yellow stripes on the church; they knew who it was because the painting was done after a rain storm so there were buggy tracks; they decided the Christian thing to do was leave well enough alone. *They built new outhouses; someone stole them; again they knew who it was, but let it be. *Early in their history they had wallpapered the sanctuary with a paper that had a "swirly" design; the swirly design was made with a metallic paint; the church building was struck by lightning; it followed all of the swirls and curls in the wallpaper, cutting it and making a "jig-saw" puzzle of sorts out of it. The lightning actually burned a path across the aisle on its way from one side of the church to the other. Next time they just painted the walls.

* Once, because she was not going to be in church the following morning, the communion steward set the communion elements on the communion table the night before. When I uncovered the bread during communion the following morning, I discovered the mice had eaten it!

*There were no little boys in the congregation, just little girls. This meant there was always a Mary for the

Christmas pageant; these were farm girls so they understood that girls could care for livestock so there was no problem with them being shepherds. They thought it was kind of "cool" being the wise-women but no one would play Joseph; each Christmas we had to 'rent' a neighbor boy to be Joseph. *Since there were no boys, Baby Jesus was always a little girl-the youngest of the grand children that year. One year, "Baby Jesus" made a run from the manger, dressed in her red velveteen dress, her black patent leather shoes, and lacey sox. * For the Christmas pageants, they had a live baby goat and a live baby lamb, making the nativity scene quite realistic with their soft bleating, first of the goat, then the lamb, then the cooing of the Baby Jesus, It was sweet.

*I wasn't there the time the raccoons who lived under the roof fell through the ceiling during the church service.

*The pianist often had epileptic seizures while playing the piano. She would just stop and sit there. The congregation knew what was happening and so one of them would just go sit by her to make sure she didn't fall off of the piano bench; after a couple of minutes she would come to, and begin playing right where she had left off.

*Knowing that I was not a good singer, one Sunday they wired my hymnbook shut and tied it to the pulpit.

*My most faithful worship attendee was a dog; he belonged to a farm family near the church and came when he heard the church bell, would sit quietly at the door, and leave during the last hymn. He was never a problem.

*They did not have a drive way; you simply charted your course and dived down into the road ditch and up into the church yard!

I could go on and on about the trials and tribulations of this little church-the yearly costly flooding of the basement because years earlier they voted not to spend the \$25 necessary to move the church back away from the county road as it was being built up; a pastor that broke up a marriage, including his own, the young woman who donned a fake beard one morning in church, sat in the front row and flicked her fake beard at me trying to make me laugh, or the time I was in such a hurry to get there, I forgot my skirt....but...what I really want you to know about this congregation, is that in spite of all of these set-backs, some of them funny, some costly,

WE WORSHIP TOGETHER

HE WILL, HE WILL ROCK YOU!

Before country singer Vern Gosdin vocalized about “your stone cold heart” Scripture had issued a warning about this serious cardiac condition.

Before there were scientific geological studies, building codes, and mandatory inspections at construction sites, Scripture was writing a manual about solid ground, firm foundations and cornerstones.

Before persons complained that hotel pillows were as hard as stone, there was indeed a pillow made of stone.

All of these stories and more will be part of our summer series, “He Will Rock You”. For the worship service purists and traditionalists among you, relax, there will be only minor changes in the worship service format; for those of you who would

like something new and difference, there will be some changes in the worship format! Hymns like “My Hope is Built On Nothing Less”, “Rock of Ages”, and “The Church’s One Foundation” will be keystone hymns but we may (try to) learn some new ones too. During the children’s moments we will learn about many different kinds of rocks.

Bring a Rock to Church

Remember to bring a rock with your family’s name (individuals and/or surname only) on it July 10th as we follow a tradition established by Joshua! The rock should not be so big as to require a skid loader or so small you could lose it in your pocket. It should just be a rock you can lift, and that others can see your name on it!

I look forward to this summer series. I hope you are also looking forward to something a little different!

“He Will Rock You” began on June 19th and will continue until August...and maybe beyond. In the meantime, just for fun, why don’t you see how any proverbs, instructions, or sayings you can think of that involve rocks or stones? For example, “sticks and stones may break my bones.....” or “those who live in glass houses shouldn’t throw stones”. Maybe there will even be a prize for the one with the longest list...or maybe even for everyone who even tries to make a list (that promise is not carved in stone.)

Thank You!

Dear Trinity Church Family,
Thank you! WELCA ladies for the quilt you made for my graduation. You couldn't have been more spot on in making this for me. Your time and attention to detail is a blessing.

some worrisome, in and through it all, they maintained a joyful spirit. They paid their apportionments (denominational "dues"), they supported missionaries and missions, they sent representatives to denominational events, and most important of all, they remained true and faithful to the gospel. They produced generation after generation of faithful disciples of Christ. They were friendly and fearless. They were the church at work in Brookings County, and in the world. They understood the church was not about the building, but about the worship and work that happened in and out of the building; they realized they were the church with or without a pastor. When they could not see the future, they trusted God because they believed He held their future. Aren't you curious what I will write about Trinity years from now? Actually that text is in your hands. Write it!!

Pastor Penny

GREETINGS....just a note to let you know that I (Pastor Penny) will not be with you during much of August and September; I will be doing what I had planned to do during this retirement-travel. I do not know what is happening in your search for a pastor-perhaps I will be with you again, perhaps not. Please pray for my safe travels as I will pray for you.

PS- Thanks to the youth group who worked so hard doing spring clean up on my yard, It was, at least for me, a very worthwhile fund raising project. Thanks. PJR

SANDY SCENES

Make a scene with this fun summer craft you can create outdoors.

What you need:

- Play sand
- Spoons
- Empty jars
- Powdered tempera paint
- Cardstock paper and pencil
- Craft glue
- Paintbrush

What you do:

1. Pour a few tablespoons of sand into empty jars. (You need one jar for every color of paint you make.)
2. Add a small amount of powdered paint to the sand and then mix. Experiment with the amount, using more paint to create deeper colors.
3. Lightly sketch a design on cardstock.
4. Working in one small section at a time, paint an even layer of craft glue on the paper.
5. Use a spoon to sprinkle colored sand atop the glue. Tilt the paper so extra sand falls off. Repeat to complete the entire design.
6. Let dry on a flat surface before displaying upright.

PUZZLE

Fruit or false

Spotting true fruits can be tricky. Thankfully, it's much easier to spot the fruit of the Spirit.

GALATIANS 5:22-23, ESV

Answer: love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, self-control

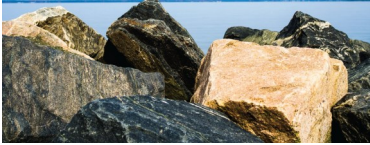

FISH—The first letters in the Greek phrase “Jesus Christ, Son of God, Savior” spell ICHTHUS, or fish. Early Christians used the sign to convey their faith and avoid persecution. In the gospels, fish are part of several miracles. They also represent people who need to be “caught” for Christ. Today, a fish bumper sticker is a popular indicator of Christian faith
